

Ice Skating

In

Harriman State Park

(845) 429-8257

- ❖ Ice Skating is allowed on **Lake(s) Askoti, Skannatati, Kanawauke, Little Long Pond, Sebago, Silvermine, Nawahunta, Te-Ata, Massawippa, Tiorati, and Welch.**
- ❖ Skaters must follow the ice safety rules:
 - Ice is only safe to go on when the Park posts a **green** sign/flag. These are located on each lake listed above.
 - This indicates the lake has an average of 6 inches of good quality ice.
 - Please call the Tiorati office prior to your trip to make sure the lake is still open. The lakes can be closed at a moment's notice depending on weather conditions.
 - The Tiorati office's answering machine is updated every time a lake opens/closes; so you may call after hours as well.
- ❖ If there is snow on the ice, skaters are responsible for clearing a section for use.
 - **Once a section is clear, that area is available for all to use.**
- ❖ To avoid any injuries, please keep a distance of 100 ft. from Ice Fisherman and their fishing holes.
